

California Department of Education
21st Century Community Learning Centers Program
Collaborative Proposal to Serve Elementary and Middle/Junior High School Students

November 14, 2011

21st Century STEMulate Program

2B Successful Youth is soliciting partners to participate in the California Department of Education application process for the development of 21st Century Community Learning Centers to serve elementary and middle/junior high school students. The mission of our non-profit 501(c) (3) academic enrichment and health education afterschool program is to acquire resources and put into action services that will enhance the ability of our youth to move into their future, with confidence in their identity, what they can accomplish, to become self-sufficient, and assets to their family and community.

The propose of the 21st Century STEMulate (Science, Technology, Engineer, and Mathematic) Program will be to provide local flexibility in the establishment of community learning centers that provide students with academic enrichment opportunities and activities designed to complement the student's regular academic program, assist with literacy and related educational development services for families of those students, and provide a safe environment for students participating in the program.

We are located at (FSUSD), Matt Garcia Learning Center (MGLC) alternative/ specialty School, 230 Atlantic Avenue, Fairfield, CA 94533. 2B Successful Youth integrates Special Education and General Education students in afterschool and summer school settings. We provide direct service for students from the MGLC and other at risk youth from various communities.

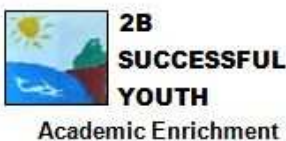

If you are interested in supporting the 21st Century STEMulate Program please contact Angela Westbrooks, MBA at 360-852-5544 or me at 707-208-8963 by Thursday, November 17, 2011.

We are looking forward to speaking with you.

Sincerely,

Cynthia Phillips
Founder/Executive Director
